DELPHINIUM SEEDS

PACIFIC GIANT
HYBRIDS

Here is a valuable and popular group of seeds merchandised in a new way. It's easier for you to estimate your needs and the prices are the most attractive you'll find in this trade. Average production is about 500 to 800 plants per 1/10 oz.

GALAHAD: The finest all white Delphinium ever produced.

LANCELOT: Clear lilac self, white bee.

SIR PERCIVAL: Clear white with black bee.

THESE THREE: 1/10 oz. \$1.25; per ounce \$12.50.

BLACK KNIGHT: The darkest blue.

BLUE BIRD: Clear medium blue with white bee.

BLUE JAY: Clear medium blue with dark bee.

CAMELIARD: Lavender self, white bee. Very fine.

GUINEVERE: Light pinkish lavender. Exquisite.

KING ARTHUR: Royal violet.

ROUND TABLE: A mixture of all these named varieties.

SUMMER SKIES: Light blue, white bee.

THESE EIGHT: 1/10 oz. \$1.05; per ounce \$10.50.

NOTE: The 1/10 ounce price is same as ounce rate so no matter what your needs you're not penalized for buying in small quantity.

Hardy Primrose Seeds

Primula Polyanthus-Veris Hybrids
HARROLD'S PEDIGREED GIANTS

Developed in our breeding department after many years of intensive work we believe this to be the finest in this type. The plants are pleasingly compact but of robust growth, usually from 8 to 10 inches high under good culture. Flower stems are 12 to 16 inches with flowers well above the foliage. The flower heads, composed of many florets which are often individually larger than a silver dollar, are often 8 inches or more across. Coloring is the most brilliant of any strain available in this type. While available in mixed colors only, the blend contains yellow, red, purple and white in the more common shades plus pink, flame and bronze shades in pastel and poly-chrome combinations that are rare. A few blue shades are in the mixture. Marking of the flowers is just as outstanding with selfs blotched and laced markings in the flowers.

GREENHOUSE FORCING STRAIN *Snapdragon Seeds*

The turnover in Snapdragon varieties has been so terrific the past few years one can hardly keep up with it. What has become of so many of the highly publicized sorts? Here we list a group of the old standby sorts that have proven good over the years and we still believe that most of them have appeal to a lot of our florist friends, at least our demand for them would indicate this to be true.

QUANTITY DISCOUNTS - Order 5 regular Trade Packets and deduct 10%; 10 to 25 pkts. 15%; 25 pkts. or more 20%. No discount on the $\frac{1}{4}$ packets.

TRIAL PACKETS - ($\frac{1}{4}$ pkts.) For the convenience of the smaller grower we have supplied these smaller packets for many years. Not less than FOUR may be ordered at a time but you may order any quantity above that to meet your needs. They contain approximately $\frac{1}{4}$ of the seeds of a standard trade packet.
